PERSONAL PROFILE

Current student working toward a bachelor's degree in informatics and seeking an opportunity to begin a career. Identifies and quickly closes any knowledge gaps to offer value to the employer and team. Accomplished Design Executive versed in coordinating and executing large- and small-scale creative projects. Leverages knowledge of industry trends and emerging technology to drive fresh and innovative design solutions. Dedicated to continuous growth and development. Reliable candidate ready to take on challenges using problem-solving and task prioritization skills to help the team succeed.

EDUCATION

Undergraduate Informatics Student – Institut Teknologi Del   *AUG 2021 – PRESENT*

I used to study at 58 Jakarta Senior High School, then I continued studying at Del Institute of Technology in 2021 until now. It is located in Laguboti, North Sumatra. I majored in Informatics. I have already completed a few projects such as a portfolio website using Laravel, redesigning a library website using Figma, and many more. I have also achieved several accomplishments, both academic and non-academic.
